RESIDENT NOTIFICATION

1/9/2025

Residents,

On Monday, January 13th, Pacific North Construction will begin construction of the **“West 3rd Street and South Olive Street Water Main Replacement Project”** for the City of Yamhill. We will be installing a new waterline and new services to existing meter locations.

We will begin at the intersection of E. Main St. and S. Olive St. We will work from that intersection, south to S. 3rd Street. During work hours we will have the streets closed to thru traffic.

We will always have access to and from your driveways during construction. If we are directly in front of your property, please give yourselves a few extra minutes to get into or out of your driveway. Our employees will keep in constant contact with all homeowners as we work on this project.

At some point towards the end of the new installation, we will have to shut off the water for your residents for a short period of time. This will be to switch your service over to the new Water line. We will pass out another notice for this at least 2 days before that happens.

We look forward to a safe and successful project with the City of Yamhill. We apologize for any inconvenience this may cause as we do this work. If you have any questions or concerns, please don't hesitate to call us.

Thank you,

Jeremy Hopper,

Pacific North Construction
